ABOUT ME

Experienced PHP Web Developer dedicated to delivering high-quality web solutions. Proficient in PHP and frameworks like CodeIgniter. Committed to clean code, problem-solving, and continuous learning. Passionate about creating user-friendly web applications that make an impact.

WORK EXPERIENCE

PHP Web Developer   2023
DigitalZillas | Bangalore

I specialize in PHP web development, focusing on directory and dating websites. I've implemented effective SEO strategies, enhancing website visibility and organic traffic. Collaborating with cross-functional teams, I've ensured mobile responsiveness and performance optimization. Proficiency in CodeIgniter streamlines development, and my clean, well-documented code aids maintenance and updates.

Web Designer Intern   2023
Oasis Infobyte | New Delhi

During a one-month remote internship, I focused on front-end web development, gaining valuable experience in responsive web design. I actively collaborated with senior developers on various projects, sharpening my skills and contributing to the team's success.

Web Developer Intern   2022
LueurTech Software Solutions | Bangalore

During a one-month remote internship, I honed my front-end web development skills, focusing on responsive web design. I had the opportunity to work on live company projects, utilizing current trending frameworks like Bootstrap and jQuery. This experience allowed me to apply the latest industry standards to create dynamic and user-friendly web applications.
